## Club Connected Rewards Program

*By becoming a member of Club Connected, you have agreed to the terms below:*

A customer must first register with Club Connected before completing a claim form.

Club Connected works on a point system. Each Connected Switchgear product has a point value. The accrual of these points depends on what gift you are able to claim. When a particular level has been reached, you can either redeem those points to claim a free gift OR continue to accrue points in order to reach a higher point level.

To claim your prize, simply complete the Claim Form and send us the appropriate documents including proof of purchase and proof of payment to [sales@connectedswitchgear.com.au](mailto:sales@connectedswitchgear.com.au) or give it to your Connected Switchgear sales representative.

Points are earned on all items excluding metal brackets.

The customers' account with a store must be settled within the agreed trading terms. A customers' failure to settle their account within their agreed trading terms will void your claimed reward.

All deliveries of the gifts are free of charge. If a customer chooses to insure their gift, it is the responsibility of the customer to do so.

In order to claim a gift, a customer must claim through Connected Switchgear. Connected Switchgear does not accept claims made through wholesalers.

*We will turn you on®*
